‘ACT LIKE YOUR DREAM’

The Key to Success is the Mindset of Success:

- › **A DREAM:** Learn about the *power* of a DREAM...the importance of writing it down, your list of goals, and bringing it to life
- › **Attitude:** Our destiny and future is tied directly to how we choose to react to life’s circumstances. Your success is in your hands.
- › **Hard Work:** What are you working hard toward? Have a goal - your dream - which gives you focus for your hard work.
- › **a Vehicle:** Choose the right one for where you want to go.

This may sound simple, but we know it is not. Why? There are 3 things that STEAL Your DREAMS! People....Life....and Time. Learn how these factors can de-rail your dreams. Then focus on how to keep the mindset of Success to live your DREAMS.

Justin LeBlanc has spent the last decade devoted to developing his dreams and, more importantly, the dreams of others. Justin has climbed mountains, completed Ironmans and marathons, and has led both Marines and civilians - in combat and business.

As an active duty United States Marine Corps Officer, Justin has completed extensive leadership training at both Officer Candidate School and The Ba-

Justin LeBlanc

sic Course (an intensive 6 month training for battlefield leadership and personnel development).

Justin works with business owners developing franchises. He is also a real estate investor with a background in lending, property management and joint ventures. As a personal trainer, he works with clients to accomplish their goals and take steps toward a healthier life style.
